GOSPEL SINGING PROGRAM

Patrick Henry Boys Plantation will sponsor a benefit Gospel singing program featuring "London Parris And The Apostles" of Memphis, Tennessee on October 10, 1973 at 7:30 p.m. in the Randolph Henry Auditorium in Charlotte Court House, Virginia. Also included on the program will be trio from the Patrick Henry Boys Plantation, who call themselves, "God's Singing Children". Admission will be $2.00 for adults and $1.00 students. Advance tickets will be on sale from the Patrick Henry Boys Plantation, Brookneal, Virginia and other locations will be announced next week.

The Apostles, with world renowned bass singer, London Parris, have a unique program designed for young and old alike. This group presents Christ through an inspired program of Gospel music. The Patirck Henry Boys Plantation is honored that the Apostles cancelled a previous engagement to come for this special program.

This benefit Gospel sing is being held to assist the building fund for the construction of a cottage to accommodate 12 more boys and houseparents. It is hoped that construction can begin on this new building in the near future. In addition, the Plantation will have to install a central waste disposal system. Based on current estimates, $20,000.00 is still needed to complete the combined cottage and waste disposal project. Plans are to complete this project in time to put the cottage into operation by mid 1974.

October is Rescue Squad Month

Cont. from Page 1

the ACRS, plus time necessary for training programs, plus time away from home for regular business meetings, plus time away from home mornings, evenings and nights on rescue calls (emergency or otherwise), members of the Appomattox County Rescue Squad have decided that it is necessary to spend the time that would be involved in a door-to-door canvass to a better advantage.

Therefore there will be no door-to-door canvass this year. Spot locations have been set up throughout the county and squad members will be there to accept your contributions.

On Friday night, October 5, 1973, members will be stationed at Wilbun's Super Market and at the Triangle Plaza Shopping Center from 5 p.m. until 9 p.m. and will accept donations at that time.

On Saturday, October 6th, spot locations will be set up at the following places: from 9 a.m. to 5 p.m. in the Town of Appomattox, Main Street, Downtown; Wilbun's Super Market and Triangle Plaza Shopping Center; from 9 a.m. to 5 p.m. at C. T. Evans' Store in Evergreen; from 9 a.m. to 5 p.m. at Wheeler's Service Station in Spout Spring; from 8 a.m. to 6 p.m. at Oakville School; from 9 a.m. to 5 p.m. at Franklin's Service Station in Vera; from 9 a.m. to 4 p.m. at Chambers' Store in Red House; from 9 a.m. to 3 p.m. at Campbell's Store at Promise Land; and from 8 a.m. to 6 p.m. in Pamplin City at Harvey's Market and in front of the Post Office on Main Street.

You may make your donation to any member of the Appomatox County Rescue Squad or you may mail it to Appomattox County Rescue Squad Fund Drive, P. O. Box 57, Appomattox, Virginia 24522

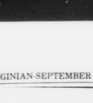
Sick and tired of chasing dust?



Rainbow—WILL CURTAIL YOUR ANNOYING DUST PROBLEM!

All cleaners use airflow to clean. Because they force it through bags or dry filters, airflow is reduced and so is their ability to pick up dirt. As dirt clogs rag and filter pores, airflow is further impeded. That's why you clean better with a new bag or filter. RAINBOW USES NO BAGS OR DRY FILTERS! The dust is trapped in Rainbow's turbulent water bath which has no pores to clog. There is never a reduction in airflow, never a drop in cleaning efficiency. WITH RAINBOW, YOU DON'T CHASE DUST—YOU TRAP IT IN WATER. Write for free literature!

The development of a downtown mall is proposed for the Town of Appomattox in light of several factors. They are: Appomattox is currently experiencing several problems symptomatic of an eroding downtown area; population projections indicate a moderate increase in population and importance as the Lynchburg Metropolitan area expands; Preliminary surveys indicate the tourism trade possibilities to be highly underdeveloped; in several instances, existing community facilities are marginally adequate and will have to be replaced and/or renovated in the near future; financial assistance for such a project is available from both the public and private sectors.

It is believed the proposals outlined in this report will provide for an attractive downtown business district, generate additional retail and tourist trade, improve traffic and parking, and create a focal point for the community and county.
